**With OPCO Ltd, You Can Be Assured of
Excellence and Integrity**

Blantyre, Malawi
Established in 1998

BRAND SUMMARY... ABOUT US

Opco Ltd is one of the top and leading construction companies in Malawi. The company was established in 1998 and got incorporated in 2006 as a building, civil engineering contractors and plant hiring company, serving the Corporate, Non Governmental Organizations and Government sectors of the market.

At Opco Ltd, we have a large fleet of construction equipment, vehicles for in-house use and hiring out at reasonable rates. Machinery for hire include; Front-end Loaders, Excavators, Forklifts, Bomac Rollers, Grove Truck Crane, Concrete Mixers, Water Bowsers, Low-bed Trailer, Trucks, Tippers and other essential tools and equipment.

Opco Ltd is one of the few distinguished building construction and engineering companies in the country registered in the Unlimited Category with the National Construction Industry Council, a regulatory institution in Malawi. We pride ourselves our exceptional performance in executing complex engineering projects and delivering the on time and within budget.

It is our pleasure to introduce us to you in order to establish a mutually beneficial working relationship.

BUSINESS STRUCTURE

Opco Ltd has a four-dimensional business structure:

- Building Contractors
- Civil Engineering
- Plant & Equipment Hiring
- Trading Services- Engaged in various types of Steel and Power Solutions.

EXPERTISE & GROWTH

Opco Ltd has established itself as a key player in Malawi's construction sector and continues to undertake major projects across the country in the following areas;

- Residential Buildings such as town houses and apartments.
- Commercial Building such as Offices, Warehouses and Factories.
- Institutional Buildings such as Schools, Colleges, Hostels, Staff Houses and Health Facilities.
- Civil Engineering Works such as Irrigation Schemes, Roads and Bridges, Water Supply Systems and Sewer Systems.
