BRAND SUMMARY ... ABOUT US

Townlink Freight is one of Malawi's longest established freight companies. It's known to be the fastest growing brand in the logistics sector. The company provides top-notch freight services across Malawi and beyond; Air, Ocean, Rail and Road freight services, Customs Clearance and Contract Logistical Services in partnership with a network of agency partners worldwide.

James Chiomba founded Townlink Freight in 1999, then trading as BD Cargo before a spin-off in 2010 to create two separate business units and this officially gave birth to Townlink Freight. BD Cargo continued to operate as a heavy machinery hire business. Our long experience in the customs and clearing industry gives us competitive advantage to help cargo owners in efficient movement of their goods.

At Townlink Freight, we believe that clients need peace of mind whilst they process movement and clearance of their goods, so when we deliver, and clients testify to the fact that they are satisfied with the service given, it motivates us and encourages our team to even go an extra-mile in service delivery. We have now made exceptional customer service our STANDARD. You can entrust us with all your freight needs!

Townlink Freight is trusted by businesses across various industries including manufacturing, agriculture, mining, petroleum, retail and so much more. We provide end-to-end logistics solutions, from documentation to warehousing and final delivery of cargo, optimizing your entire supply chain needs.
